

```
package com.sxt.bridge;

/**
 * 品牌
 * @author 江
 *
 */

public interface Brand {
    void sale();
}

class Lenovo implements Brand{

    @Override
    public void sale() {
        System.err.println("销售联想电脑");
    }
}

class Dell implements Brand{

    @Override
    public void sale() {
        System.err.println("销售戴尔电脑");
    }
}
```
