```java
package com.sxt.bridge;
/**
 * 品牌
 * @author 江
 *
 */

public interface Brand {
    void sale();
}

class Lenovo implements Brand{

        @Override
        public void sale() {
    System.err.println("销售联想电脑");
        }
}

class Dell implements Brand{

        @Override
        public void sale() {
    System.err.println("销售戴尔电脑");
        }
}
```
